

Multi-position Headrest*

This headrest can be adjusted to many different positions.
--->Can be brought forward, pushed back or rotated
Adapts to the user's size and position.

For increased comfort

HEADREST

**This option can be ordered separately from the wheelchair and is easy to set up.*

Adjustable Swivelling Armrests

These new armrests help you find the most comfortable position for your arms. They are retractable and will not hinder the process of moving to your usual wheelchair. They also act as mudguards. Users can move the chair without assistance.

Can be swivelled or folded away

Ergonomic shape
Ample room for forearms

..... This option allows the chair to be folded away easily and reduced to a compact size

Fastening system with straps
and quick wheel lock
= quick and easy!

Armrests

**This option can be ordered separately from the wheelchair and is easy to set up.*

Harness* Neoprene

Helps the user find and maintain a comfortable position.

Harness

Neoprene

Elastic

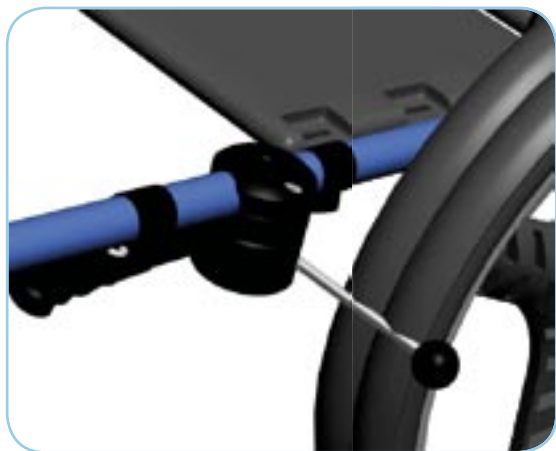

Comfortable

Water-Resistant

**This option can be ordered separately from the wheelchair and is easy to set*

pivoting brakes*

Pivoting parking brake, located under the seat.
Handy option for keeping the wheelchair still while the
person is being moved

PIVOTING PARKING BRAKE

BRAKE

**This option can be ordered separately from the wheelchair and is easy to set*

BALLOON WHEELS *Option*

This new pair of wheels makes travelling across sand easier than ever before, even across very fine sand. (Assistance required).

They are interchangeable with the all-terrain wheels of the standard Hippocampe.

**For fine
sand**

BALLOON WHEELS

**This option can be ordered separately from the wheelchair and is easy to set*
